COOPERATIVE COPARENTING

through Separation or Divorce™

by Susan Boyan, LMFT, and Ann Marie Termini, LPC

Shield kids from parental conflict

Cooperative Coparenting through Separation or Divorce (CoCo) helps parents guide their children through the process of recovery from separation or divorce while establishing a positive, long-term relationship with the child's other parent. This long-awaited revision includes all of the key concepts of the original classic, new topics such as handling financial issues, and all new videos embedded in an engaging PowerPoint presentation, organized in a way that makes it easy to teach—and to learn!

"This is one of the most rewarding programs that I teach. It is a phenomenal privilege to work with parents experiencing great depths of pain and watch them evolve into empathetic individuals who elevate their children's well-being above any disagreements they may have. Parents leave the sessions feeling supported, heard, but most importantly... validated!"

~ Pamela Ingram Wood

Life Coach/Parenting Specialist/Family Mediator

It also teaches parents the practical skills they need to manage anger, increase impulse control, resolve conflict, navigate peaceful negotiations, and communicate effectively with their coparent.

"This classic guide to successful coparenting is full of nuts-and-bolts ways to create a positive coparenting relationship for the benefit of the children. It is comprehensive and invaluable, for both parents and practitioners."

COPARENTING SHORT COURSE

4- to 6-hour seminar to help coparents!
Parental conflict during and after a divorce or separation can cause children emotional distress. The *Crossroads of Coparenting* seminar is built around a 5-step prevention model that helps coparents establish a positive, child-focused coparenting relationship.

The *Crossroads* seminar helps coparents:

- Become aware of how their actions may harm their child.
- Learn skills to reduce conflict and establish a long-term, positive coparenting relationship.
- Stay child-focused, even during conflict.
- ...and more.

Crossroads is derived from the evidence-based *Cooperative Coparenting* program (see pages 20-21) and shares scenes from the same video.

How the seminar works

This seminar combines video, activities, skill development, and group discussion. It is designed for a single 4-hour session and can be used with large or small groups. Optional activities extend the program to 6 hours.
